THE MOST WONDERFUL Discovery of the Age.

THIS remarkable preparation contains no alcoholic stimulent, no essential oil, nor one unhealthy drug. It does not color the hair, but acts upon the secretions and secretive organs, so as to supply the former with the necessary loring matter, and upon the latter, so as to completely restore their impaired or lost functions. All this the proprietor has a right to say, for it has done all this for him. At the age of thirty-seven he was as gray as the man of seventy, and his hair nearly all failen off; but he now has an abundant crop, and no person would ever imagine that he ever had a gray hair; and his hair is as soft and pliable as though it had been recently olled.
